#### CFD VOLUNTEER CRISIS FUND DINNER AND AUCTION RETURNS AGAIN

CHEYENNE, WY – The 15<sup>th</sup> annual dinner and auction to benefit the Cheyenne Frontier Days (CFD) volunteers through the CFD Volunteer Crisis Fund (VCF) will return, February 19, 2022, at Little America in Cheyenne, Wyoming. Diamond Rio, famous for their song “Beautiful Mess”, and many more, will be providing entertainment at the dinner. The CFD VCF is excited to announce that the event is already sold out.

“The VCF is so excited to have Diamond Rio play at the event this year. This event means the world to us because the funds that we raise we can give back to the CFD families. The volunteers make this organization what it is” says Tiffany Hayes, Vice President of the CFD Volunteer Crisis Fund.

After taking a year away from the CFD VCF’s largest event, the board of directors are ready to celebrate with the community. This is the largest fundraising event for the nonprofit, which aids CFD volunteers when they are in need.

“We really appreciate our sponsors making our fundraising a success. It’s always humbling to have sponsors give to a great cause that we all care about. We are so grateful for everyone who helps” states Brent Hunter, Vice President and Director of Sponsorships.

The board of directors are in the process of gathering items to be auctioned off. All the proceeds will benefit the CFD volunteers.

“Each of the board members would like to thank the businesses who contribute items to the auction. Your contributions make such an incredible impact every year, the event would not be the same without you” said Jayden Burton, Director of Marketing.

Purchased tickets may be picked up at the CFD Ticket Office located at 1210 W 8<sup>th</sup> Avenue in Cheyenne beginning January 3, 2022. Unclaimed tickets may be picked up at the dinner with the entire group present upon entry.

###

The CFD Volunteer Crisis Fund is a non-profit established for the purpose to provide emergency monetary assistance to the Cheyenne Frontier Days Family when they are faced with a tragic or catastrophic loss. For more information, the VCF can be reached at [info@cfdvcf.com](mailto:info@cfdvcf.com).
